## STUDENTS SATISFACTION SURVEY (SSS)

Academic year 2017-2018

College survey questions are specially design for final year students to understand various aspect of dealing with educational practices. They analyzed how students feel about the college and its facilities and survey helps to improve institutes overall functioning by analyzing the feedback.

Faculty are very much interested in explaining subject oriented example overall good teaching. Excellent faculty and teaching and nice practical knowledge. Overall best in all factors regarding the coverage of syllabus 100 % students were satisfied. The students of 90 to 96% appreciated the preparedness of teachers with the remark very effective. Regarding the mentoring 90% students strongly agree the effort put by the institution to improve the quality of teaching learning process is commendable.

Overall 95% students strongly agree with the statement that the quality of teaching learning process in the institute is very good
