Greetings from UNNATI!

This is in reference to the discussion our trainers **Ms.KM ARTI JHA** had with you on our Skill Development Program – UNXT by Unnati. She has been assigned to conduct this program at Mahatma Gandhi Balika Vidyalaya P.G. College Firozabad, UP.

Given below is a brief introduction to UNNATI and UNXT by Unnati, which will help you understand us better.

About SGBS Unnati Foundation (Unnati) ([www.unnatibl.org](http://www.unnatibl.org))

In India, a large percentage of youth have no access to formal education. Around 80% of them don't even reach the 10<sup>th</sup> std. If they are left unattended, these youth can potentially turn non-productive or indulge in antisocial activities. Unnati was started with the aim to provide a sustainable livelihood and economic independence to such youth and integrate them into mainstream society.

Unnati works with the youth to harness their potential and mold them into a self-reliant, productive workforce for the country. We transform them into self-respecting, confident individuals, capable of making right choices in life. They start dreaming and pursuing their own set of goals and alongside, become positive change agents in their local communities.

**With a vision of skilling and employment enabled social transformation, SGBS Unnati Foundation (Unnati), has successfully transformed over 100,000 youth over the last 20+ years of its existence. Our credibility, our discipline to ensure utmost transparency, our focus towards an impactful outcome has led us to achieve a historic first of being listed on the Social Stock Exchange with BSE & NSE.**

### **About UNXT by Unnati:**

UNXT by Unnati, is a 165 hours Free Employability Skill Development Program comprising 90 hrs of classroom sessions of 3 hrs or 2 hrs each spanning over 30 days or 45 days along with 75+ hours worth of self learning through our own phone app U LEAPP. Our employability skill development training is being offered to all final year Undergraduate and Postgraduate youth from selected Colleges in over 10 states during the academic year 2025-26. We are happy

To inform that, our organisation has entered into MOUs with various government educational departments in over 10 states for implementing UNXT by Unnati in various colleges, which by itself is a pioneering initiative.

UNXT by Unnati is designed to provide intensive training for approximately 165 hours. The blended learning approach, which is a mix of 90 hours of classroom sessions and 75 hours of E- learning, provides a host of benefits to the students.

The program is designed to address absolutely essential life skills and value systems, which are often missed out during the formative years of a youth. These skills, which are much sought after in the corporate world, are engineered to make youth employable.

The outcome is that, by the end of the training, the attitude of every student changes, his or her confidence level improves and the student overcomes stage fear. A complete transformation takes place in the student for betterment of life, in their respective professional and personal domains.
